◆ About our courses

Typical credit load per course:

 3 or 4 PUCP credits

Required course load for international students

 Depends on home institution.

Grading system

 From 0 to 20.
11 is the minimum pass mark.

How does our credit system work?

1 PUCP credit is equivalent to 1 hour of taught classes a week throughout the semester, or at least 2 hours a week of practical classes. Courses could have from 2 to 5 credits depending on the difficulty level, from low to high.

1 PUCP credit is equal to 1.5 ECTS for undergraduate program, and 2.5 ECTS for master program.

For example, if you take a course from the Faculty of Education with 3 PUCP credits, the conversion to ECTS is 4.5 (3x1.5). However, if you take a course on one of our Master programs with 3 PUCP credits, its conversion will be 7.5 ECTS (3x2.5).

◆ Language of instruction:

◆ Keep in mind that...
